ACTS' MINISTRIES

THIS MINISTRY FOR DEPRIVED, ABANDONED AND DESTITUTE & WHO ARE IN NEED. WE ARE IN HEAVY TASK...

From President Desk

We are committed

'Did not come to be Ministered, but to Minister' ...

We are standing with highly crises with several hurt and pain even cheated. In these challenging situations, we have taken strong steps to be deep rooted in our Faith so that in days to come could bear good fruits for the round development of our needy beneficiaries.

How we can be deep rooted in our Faith to Reach out our Social Venture?

- 1) In this Critical situation: lay on patient to check our Behavior.
 - Bad behavior is like the bad fruit of the bad tree with bad roots.
- 2) In this Upside-down situation: Stand again and deeply planted our Faith and Trusting God to strengthen us as we walk through the STORM/valley.
- 3) In this Crisis: Always have to examine our own roots of action so that our root may eliminate well.
 - We can spend our entire life dealing with outward symptoms, but the fruits will manifest somewhere else if the roots are not eliminated.

Please do understand the principal, which never fails:

- a. Rotten fruits come from rotten roots
- b. Good fruits come from good roots

Now with this word I am presenting, the Annual Report for financial year of our Lord 2023-2024.

: Activities for the year of 2023-2024:

Educational Center

Origin: We have started with prayer 'ACTS' Int. SCHOOL' at Telipuskarani an English Medium on 19th April 2015. In the beginning, the Public school was running at Ambassadors' Tower with four girl students. In the beginning, no one wanted to help to make the Book list. In Kolkata many bookshops had been visited but not helping hand given from their end but one very footpath shop help to our founder to find out from old books and think repeatedly and he able to find out the way with the list, which was taken more than 2 weeks!

On 7th January 2016 dated 'ACTS' Int. SCHOOL' foundation stone was laid at Narayangarah Development block at Bahurupa By Rev. Nikhiles & Sunita Bhunia - Founder of AWS, and Dr Dutt - Founder President of Acts.

Our Motto: - Harness the Children power: The Children & Youth of any nation and society are its potential energy. They are the powerhouse and storehouse of infinite wealth and strength. So we need to empower our Children so that they can make a better tomorrow.

The first and the best and the foremost way to strengthen our Children is to provide them right education which makes them scientific, logical, open-minded, self respecting, reasonable, honest, humble and patriotic. Without these virtues being developed our Children cannot walk in the desired way and they will remain in a deep slumber of complacency will become destructive and dangerous for the land and nations. "The useful and the beautiful are never separated". "The true object of education should be to train one to think clearly and act rightly".

We would like to help very middle class family and poor tribal parents so that they can give English education to their children in own their capacity and those unlucky children may get international sources in studies and jobs who cannot able to go and studies in corporate and others luxuries school.

Hindrance:-

School Building, Vehicle problem is one of the major problems of in Educational Institutions. We are suffering from lack of the library room, laboratory room, common rooms of teacher-students especially girls and sufficient hostel rooms. Financial crisis is another major hindrance of the School from the born as it is neither Government aided nor sponsored by any way. Only the so little contribution or donation by some good-hearted well-wishers, parents are the absolute source of supply.

national flags thrilled the wind, air and water. All the students, teachers, staffs, Children and attended renowned persons pay homage on the significant Martyr's platform with flower for the thousands of lives laid down by great men and women. They remembered gratefully countless sacrifices made to glory the great Indian tradition and culture with which we have enriched the world.

The honorable in charge hoisted the national flag respectfully and recalled the long and hard struggle in which thousands and thousands freedom fighters laid their lives for our beloved motherland. How the struggle for independence was such a moving force that united all the countrymen belonging to different cast, creed, class and beliefs under the umbrella of a single nation. Women also came out of their limited four walls and significantly contributed to the freedom movement.

The honorable Principal cum Director and President in his short speech, recalled the remarkable first independence midnight. When the whole world was sleeping deeply, only India still awoke into a great nation with promising peace, prosperity, equality and liberty. All the attended sang our National Anthem together, food items were distributed with small cultural program end the day.

This program arranged in Acts International School cum Hostel at Keshiary & Acts Children Home at Narayangarah

Republic Day Celebration: -

26th January, Republic Day was celebrated with great pomp in Two location at Keshiary and Narayangarah Campus. The morning parade cum procession

is watched with equal enthusiasm by all the people of each campuses as well as the local high-spirited children. On this day, in 1950, the Constitution of our country was inaugurated solemnly. The fundamental law of the land, the Constitution, born out of the diligence, conscientiousness, and hard labor of our founding fathers became supreme in our country. Hence the day has its own historical importance in the history of our nation.

The honorable Principal/in charge/President regrets, in his valuable short speech that it seems, this zeal of nationalism gets ignited. Rest of the year our love for our country gets into hibernation and sleeps warmly somewhere in the forgotten corners of our hearts. Rather we should try to perform our promise to work harder to make our country a superpower in the world. We being the largest written Democracy in the world can be the greatest moving power towards global peace and spreading the fraternity feelings of mutual cooperation and co-existence.

Games & Sports: -

The word 'SPORT' stands for five elements- **Sincerity, Punctuality, Obedience, Regularity and Tenacity.** These are also the essential qualities of a

person to prosper in life. The proverb runs, "All work and no play, makes Jack a dull boy". It makes some one physically fit and mentally alert. It helps us to improve our collective life, our skills, spirit, discipline, sense of cooperation, with fresh vigor. It helps to accept both triumph and defeat in good grace.

Tree Plantation & Cultivation:-

"One Plant One Life" keeping such slogan in front as each year Tree Plantation Program is done on the beginning of the monsoon as the observation of the ARANYA SAPTAHYA in our Academic Compound at Keshiary and Home Compound at Narayangarah Different types of Saplings are planted like Coconut and few flowers etc. Watering, Manure, insecticides and pesticides are applied as the nourishment program throughout the whole year. Whole the years different vegetable and rice etc have been cultivated and those items been provided to our own children in the Hostel and Homes. Children also do kitchen garden and other cultivation in our Mission land.

Free Hostel:

The poverty remains the most serious problems that our area faces. India still has the World's largest number of poor people dwelling on its land. Of the population of more than 1.2 Billion, an estimated 444 million are below poverty line, out of which 61 percent dwell in rural areas of the country. Most of them are daily wage earners, landless laborers and self-employed householders. The children of such evil, cursed families are forced to take up jobs at a tender age. They are not only deprived from the golden dream of childhood but education too adding to the illiterate bulk of the country. Being gradually the merciless victims of child abuse they turned into child labour, which is the most valuable waste of human resources. They are doomed to remain poor for the rest of their life and thus the mortality rate is high among them. To protect innocent promising childhood ACTS' MINISTRIES has set up one Hostel for destitute and tribal students, in Acts' Mission Center at Saldanga where 14 learners are residing now blissfully.

ACTS' CHILDREN HOME

Origin:

Dr. Dutt once got chance to visit the Lodha (tribal) village at Narayangarah in the year of 2005 with well-wisher **Mr. Anup Midya**, what he had seen the affliction, distress; pain & suffering of lodha children that upset his heart & that harrowing experience give a Fillip to the idea of giving birth to this Villa Mission. In that, so cold time children do not had little cloth in their body and many husband left their wife so children are in suffering, this 90% people are landless, and under local liquor, who do not care own their children. Dr. Dutta immediate step took by purchasing a piece of land by owns his money in month of December 2006 in the name of Institution at Bahurupa (Birkar) village. But in that time we could not able to start any development/ building on that land because of lack of fund and in those days in this mission field anti social person work strongly to stop the development (Bikas Maity). It was a time of God's blessing that Dr. L. N. Jana a principal of Patharhuri Mission School provided about 80,000/- rupees from school fund to start the building work through that amount temporary building was constructed. In 29th Dec, 2009 by faith footsteps has taken and admitted 10 children inaugurated the home at that time daily maintenances fund has been provided by Dr. Dutta up to April 2010. In addition, **Sr. Rita Rana** took big challenge, she dedicated herself and stayed with the children of this Lodha village, and it was strong decision for this young Lady. No water facilities, No proper sanitation system, and no relative close by but trusting the Lord, and she stayed and work for the needy children about 2years in beginning. God has been made everything smooth even some obstacle we faced. In the beginning children home name was Ambassadors Kids Home, which changed this year "Acts Children Home"

Present situation: 3 staffs who are giving cares to our loving home children, All the home children admitted in bahurupa, birkar primary schools, Now all High school studying in Metal High School, the primary schools and local people are so cooperatives to such healthy activities. Therefore, Acts family is so thankful for their care and acceptance.

The home took all responsibilities if child once got admission. Children knew that this is their own home, Home providing daily needs as cloths, hygiene, and entertainment items, and other hobbies items. In yearly having, sports, tour, picnic,

cultural program and observe memorial days. Few Children do gardening own their interest. Children learn dances, songs and they followed the holistic scheduled. Now 22 children even we have been searching recourses to support this children and more who are knocking ...

Eye camp took place by Kolkata Lions Club on 24th February 2024, More than 150 people participated in this awareness and eye checkup.

***Where the mind is led forward by Thee into the ever-widening thought and action –
Into that heaven of freedom, my Father, let my country awake".***
